HANDS-ON TRAINING

IIT MADRAS

Hands-on Training Workshop on '**Fabrication and Characterization of P-N Junction Diode and MOS Capacitors**'.

22ND - 30TH AUGUST

**MEMS LAB,
CNP,
IIT Madras.**

ABOUT INUP-I2I

Indian Nanoelectronics User's Programme - Idea to Innovation (INUP-i2i), supported by the Ministry of Electronics and Information Technology (MeitY), GOI, offers the basic and advanced level training programs to the prospective users working in the general area of nanoelectronics. Six MeitY supported centers, including IIT Madras, open up their nanofabrication and characterization facilities for the R&D to researchers nationwide.

HANDS-ON TRAINING WORKSHOP (AUGUST 22ND-30TH)

P-N JUNCTION DIODE AND MOS CAPACITORS

The purpose of this workshop is to offer hands-on training to the prospective users of nanofabrication and characterization facilities available at CNP IIT Madras.

This workshop will focus to train the participants on the modules for the Fabrication & Characterization of P-N Junction Diode and MOS Capacitors.

Online applications are invited from interested researchers from academia for participation in this workshop. While selecting the participants, preference will be given to faculty members/ students who are implementing/have submitted R&D projects under INUP-i2i at IIT Madras or are planning to do so.

IMPORTANT DATES

Registration Deadline: 14th August, 2022

Confirmation of Selection: 16th August, 2022

** **Accommodation will be provided for selected candidates**
